Short Description

The Atomex GM-60E Electric is a great all purpose airless sprayer for domestic, commercial and roof painting applications. Simple rugged design has been used for over 35 years in the Australian painting industry.

Description

The Atomex GM-60E Electric is an all purpose electric airless sprayer, used widely by painting contractors for new and existing architectural coatings, roof restoration coatings and has been adopted as the standard airless sprayer by many hire companies across Australia.

The simple mechanical design of this airless sprayer does not rely on computers or microprocessors making this a very reliable and robust paint sprayer that can be used for a wide range of paint spraying applications.

Atomex GM-60E Airless Sprayer Suction Package

The Atomex GM-60E comes standard with 20 litre drum suction hose set, 15m paint hose, Atomex X-360 airless spray gun and 517 Atomex X-75HD reversible spray tip.
