Short Description

The Atomex XM-30 air powered airless sprayer is ideal for industrial finishing such as trailers, machinery, metal fabrication and furniture. The low air consumption makes this an ideal and economical airless sprayer for your high production work line.

Description

The Atomex XM-30 air powered airless sprayers are specially designed for both small and large workshops using low air consumption while delivering fast spray finishes. The long slow piston stroke delivers no pulsation at the spray tip ensuring a high quality finish on every pass. Large high pressure fluid filters are standard on this model to reduce rubbish in the paint causing tip blockages and wear. Drum mounted lid designed to sit directly over a 20 litre paint container.

Atomex XM-30 Air Powered Airless Sprayer Drum Mount Package

The Atomex XM-30 air powered airless sprayer comes standard 15m paint hose, high pressure fluid filter, Atomex X-360 airless spray gun and 517 Atomex X-75HD reversible spray tip.

The Atomex XM-30 Air Powered Airless Sprayer features:

- Economical long lasting fluid pump and air motor
- Full spare parts back up
- Low air consumption
- Balanced fluid manifold
- No pulsation delivery of paint
- All metal construction, no plastic covers to break
- Comes standard with the Atomex X-360 airless spray gun
- 25 Months Warranty for commercial use
